NOTICE OF PROPOSED RESTRICTED SERVICE LIST  
FOR A PROGRAMMATIC AGREEMENT FOR MANAGING  
PROPERTIES INCLUDED IN OR ELIGIBLE FOR INCLUSION IN  
THE NATIONAL REGISTER OF HISTORIC PLACES

Rule 2010 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure<sup>1</sup> provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding. The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established.

The Commission staff is consulting with the Missouri State Historic Preservation Office (Missouri SHPO) and the Advisory Council on Historic Preservation (Advisory Council) pursuant to the Advisory Council's regulations, 36 CFR Part 800, implementing section 106 of the National Historic Preservation Act, *as amended*, (16 USC section 470f), to prepare a Programmatic Agreement for managing properties included in, or eligible for inclusion in, the National Register of Historic Places that could be affected by issuance of a new license for the Taum Sauk Pumped Storage Project No. 2277.

The programmatic agreement, when executed by the Commission and the Missouri SHPO, would satisfy the Commission's section 106 responsibilities for all individual undertakings carried out in accordance with the license until the license expires or is terminated (36 CFR 800.13(e)). The Commission's responsibilities pursuant to section 106 for the project would be fulfilled through the Programmatic Agreement, which the Commission staff proposes to draft in consultation with certain parties listed below. The executed Programmatic Agreement would be incorporated into any Order issuing a license.
